

Sorry that it has taken longer than expected to send some photos of "Bentley", now named Buddy. Ray and I adopted him several months ago and he is doing very well.

He swims daily with Ray and me in Smith Mt. Lake and loves his two Yorkie brothers. Our neighbors love him and he knows all the dogs on our street. He may look somewhat fierce but he is very gentle and loves everyone.

I will attach photos for you to share with others at the FC Humane Society.

Thank you for a great dog and addition to our family.

Sincerely,

Marcia and Ray Peterson

Additional photos of our adopted dog, Buddy. At the Humane Society, he was named Bentley.

He eats well, is healthy, has trimmed up from all the swimming and running at home and loves to play inside with his two small Yorkie brothers. There is nothing about him that isn't great: hardly any shedding, very affectionate, almost never barks, listens well and wants to please us. I don't think there is a mean bone in his body. As a 1/2 Black Lab and 1/2 Pit Bull, he is a loving and gentle big guy.
