

I just wanted to write and give an update on a puppy I adopted from you. I adopted the puppy your adoption center had named "Lucky" and he came from a litter of 8 Border Collie puppy mixes (the Snow White and Seven dwarves gang).

I have renamed the pup "Brodie" and these are pictures of him from 4-5 months old. I sent baby pictures of him in his new home a month or two ago, so if you still have them and compare the two you will see he is **GETTING BIG!!!**

Thank you very much for letting me take home the pick of the litter (in my opinion). Thank you!

Sincerely,  
Laura Nolan
